

Table 1. Prevalence of vision impairment, common causes of vision impairment, causes that are preventable/ treatable and school enrollment organized by ICDH super region and world bank income level

World Bank Income Level	Region	Prevalence of vision impairment (%)	Common causes of VI	Preventable/ treatable	School enrollment (%)
South-East Asia, East Asia & Central Asia					
High	Agencies in 4/11 (36%)	Lower rates	Unavoidable or preventable causes especially cataracts, refractive error, glaucoma, AMD	Refractive error, cataracts, glaucoma	75.46 (secondary net)
Low	Agencies in 4/11 (36%)	Higher rates	Refractive error, cataracts	Cataracts	66.77 (secondary net)
Lower middle	Agencies in 4/11 (36%)	Higher rates	Refractive error, cataracts	Refractive error	60.85 (secondary net)
Upper middle	Agencies in 4/11 (36%)	Higher rates	Refractive error, cataracts	Refractive error	60.85 (secondary net)
Upper income	Agencies in 4/11 (36%)	Higher rates	Refractive error, cataracts	Refractive error	60.85 (secondary net)
East-Southeast Africa
