About Valencia:

One of the biggest cities in Spain and among the most lovelies. It is located at the Mediterranean sea, and you will find beaches right in the very heart of it. During the summer-months it is heavily visited by tourists, and if you want to spend holidays at the beach, with fantastic possibilities for any kind of sports (golf, diving, cycling, tennis, etc., are all very popular here) and a boiling nightlife, together with an ample cultural offer, then Valencia is the place for you.

Important trade fairs confirm Valencia's position as one of the most dynamic cities in Spain, as does the spectacular Ciudad de las Artes y las Ciencias, the "City of Arts and Sciences", a newly constructed area of the city boasting extravagant architecture.

After all that probably you will get hungry, and you have the chance to try Spain's most famous food right where it was born: "Paella Valenciana".

Then Valencia is of course the city where "El Cid", Spain's national hero, fought against the Moors, and popular festivals in the city and many villages around still remind of this epoch.

Prof/Dr Zeinab M. Aysha
University of Buraim, Oman

"Thank u for the opportunity for me to present my paper at your conference and meet such wonderful people from around da world

Laxmi Devi, Social Services Department
Govt. Of Sharjah, UAE

Dear Organizers,

This conference brought together important researchers with topical and very interesting presentations.

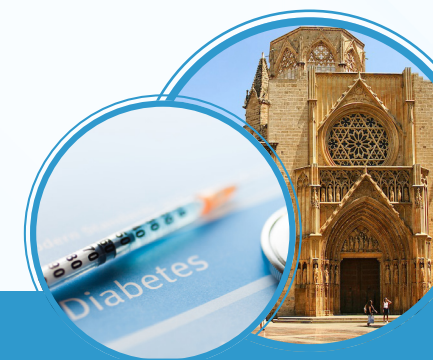

Firstly, presentations addressed a series of topics of global interest regarding studies about different food products (e.g. cow's milk, wheat bread, etc.), enzymes, fertilizers and current global issues (e.g. food alternatives, food security, etc.). Secondly, the conference organization was at a high level. The support from conference organizers was permanently available and all the requests were resolved in the shortest possible time.

Congratulations for all! I want to thank you for all of your efforts and for giving us - the participants - a very good opportunity to share our research and to interact with each other. I hope that I will be available to be able to physically participate in the next conference!

Dimitrie Stoica
Dunarea De Jos University of Galati, Romania

It is my pleasure to write testimonial for the event organised by inovine conferences, the event was well planned and executed. The selection of speakers was meticulously planned and executed. All most all the speakers were delivered wonderful briefings about their area of expertise. I have enjoyed the event. Thank you for opportunity and support. Thanking you inovine once again.
